(CROIX-ROUGE AMÉRICAINÉ)

Podgoritsa, Montenegro

October 2, 1919

My dear Major Valdez:

During my absence on a trip to Bucarest I missed the pleasure of meeting you at our station here. I would very much like to meet you. Could you possibly arrange to come to Podgoritsa soon, letting us know when so we could send transportation to Plavnica on your arrival?

I hope that your recent illness has left you and that you are quite well again.

Sincerely yours,

Joseph F. Jaros
